

## 22.2.21 Extended Challenge Subtraction Crossing 10 (1)

### Extended Challenge

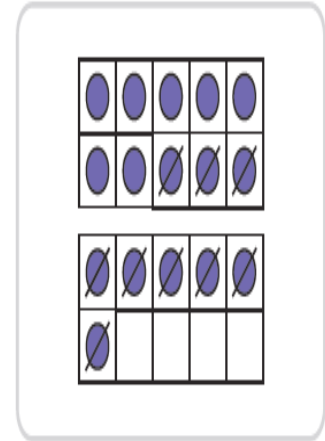

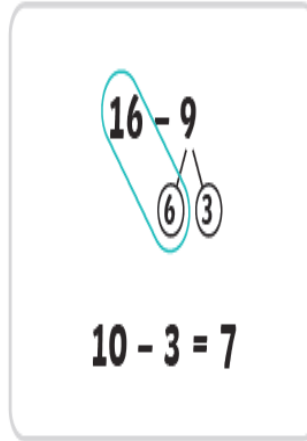

Jill flips back from a bigger number to a smaller one.

She starts at 16 and jumps back 9.

$$16 - 9 = ?$$

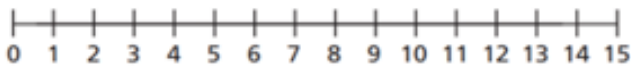

Here are 2 other ways to work out the answer:

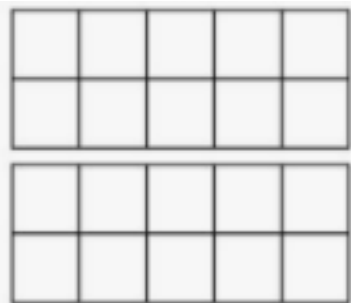

Use the above 3 ways to solve the following:-

**a)**  $13 - 7 =$

$$13 - 7$$

**b)**  $15 - 8 =$

$$15 - 7$$
