

# Welcome to Year 1

**We are so proud of how the children are settling into our year 1 classrooms. They have shown resilience and bravery in their learning and working with new friends. We are using continuous provision as a key part of the childrens learning and understanding of new concepts we are slowly introducing. Thank you parents for your support so far!**

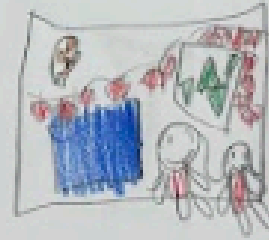

09.09.25  
What would you like to build?

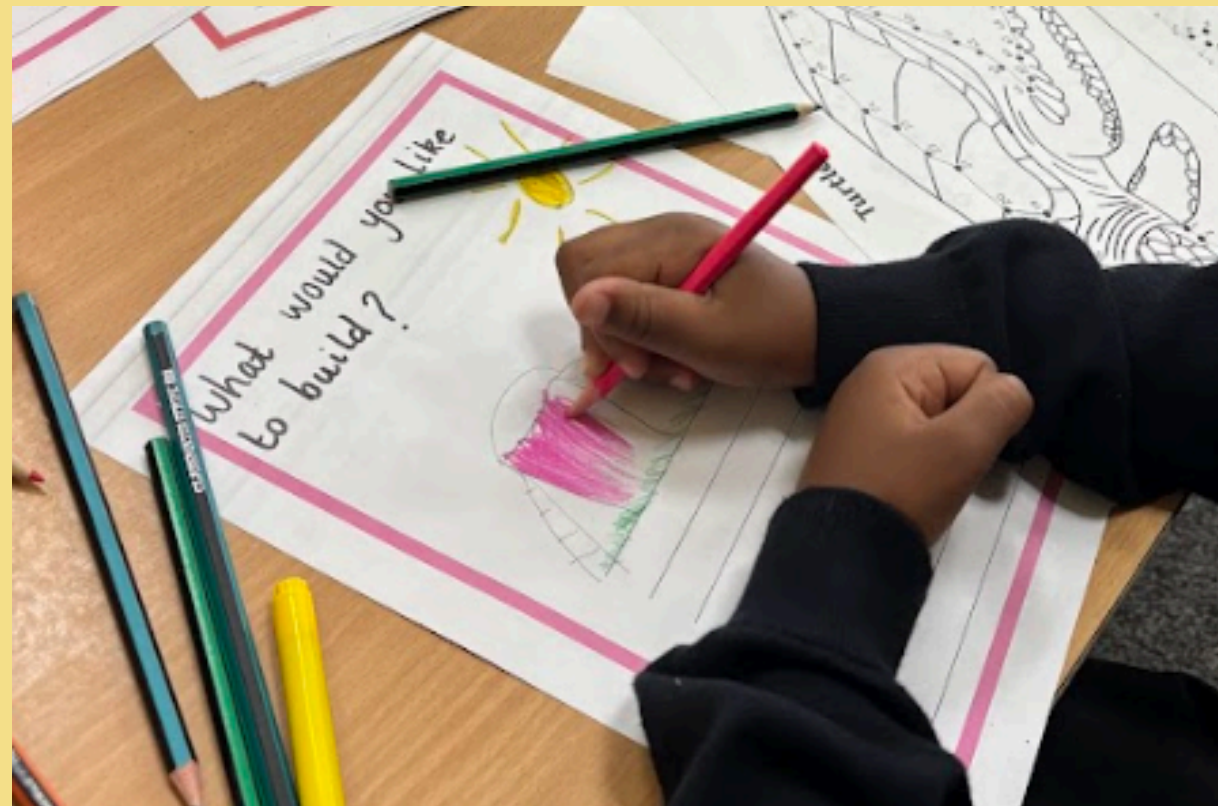

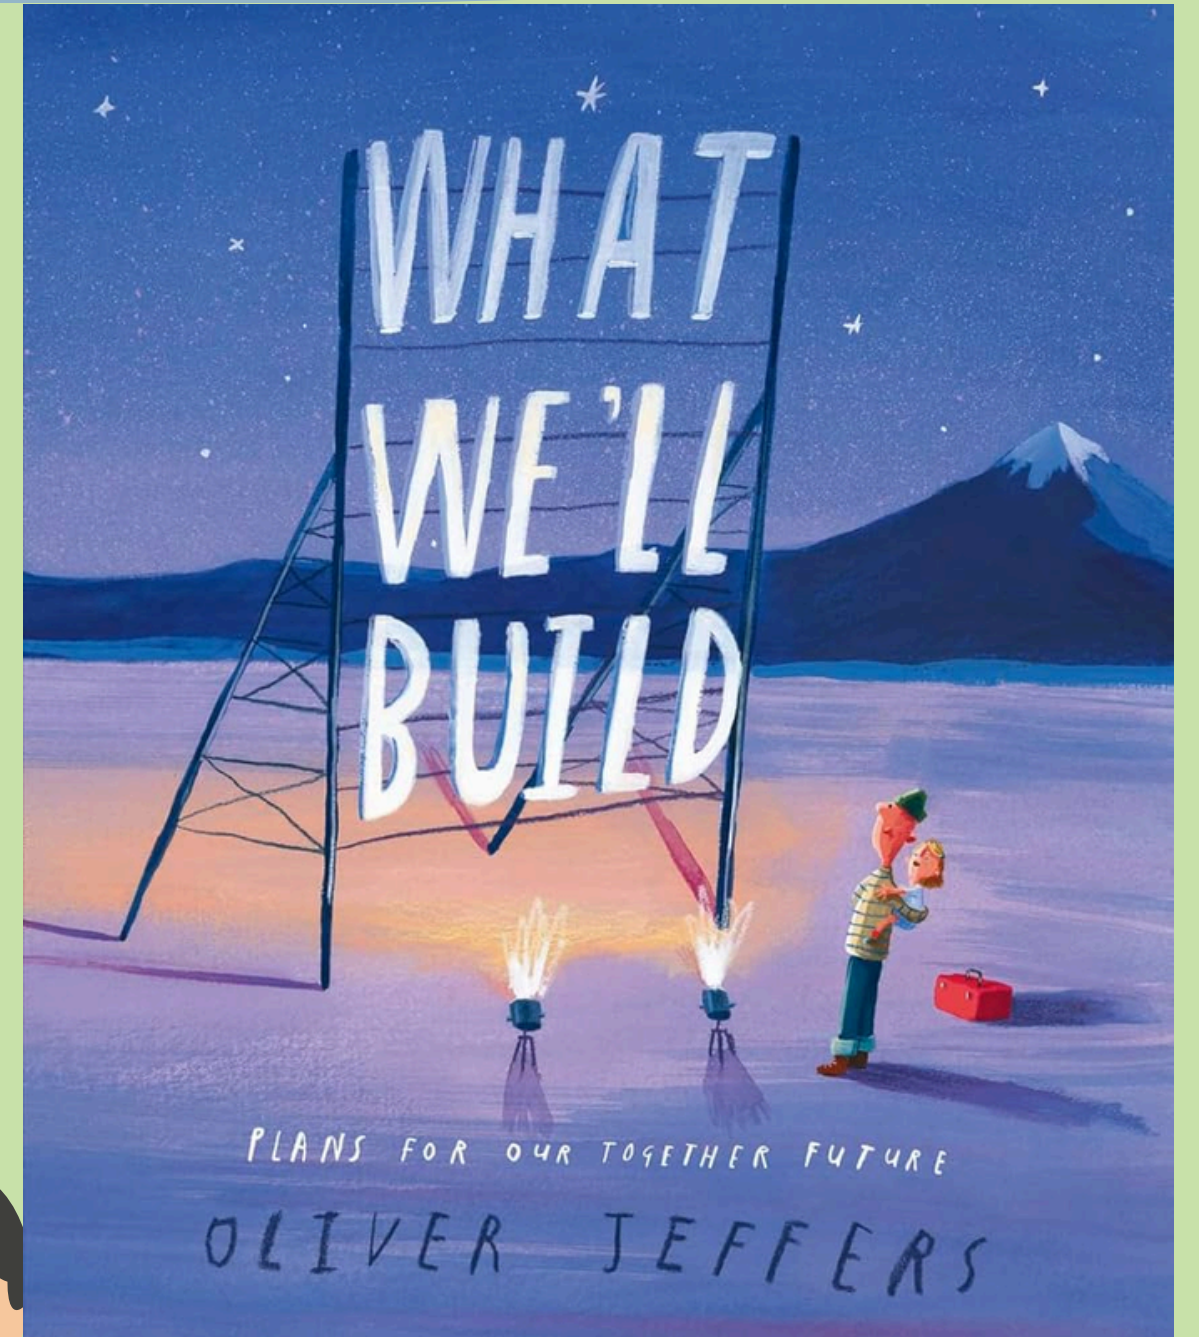

I would like to build a slide.

09.09.25  
What would you like to build?

I would like to build a secret room.

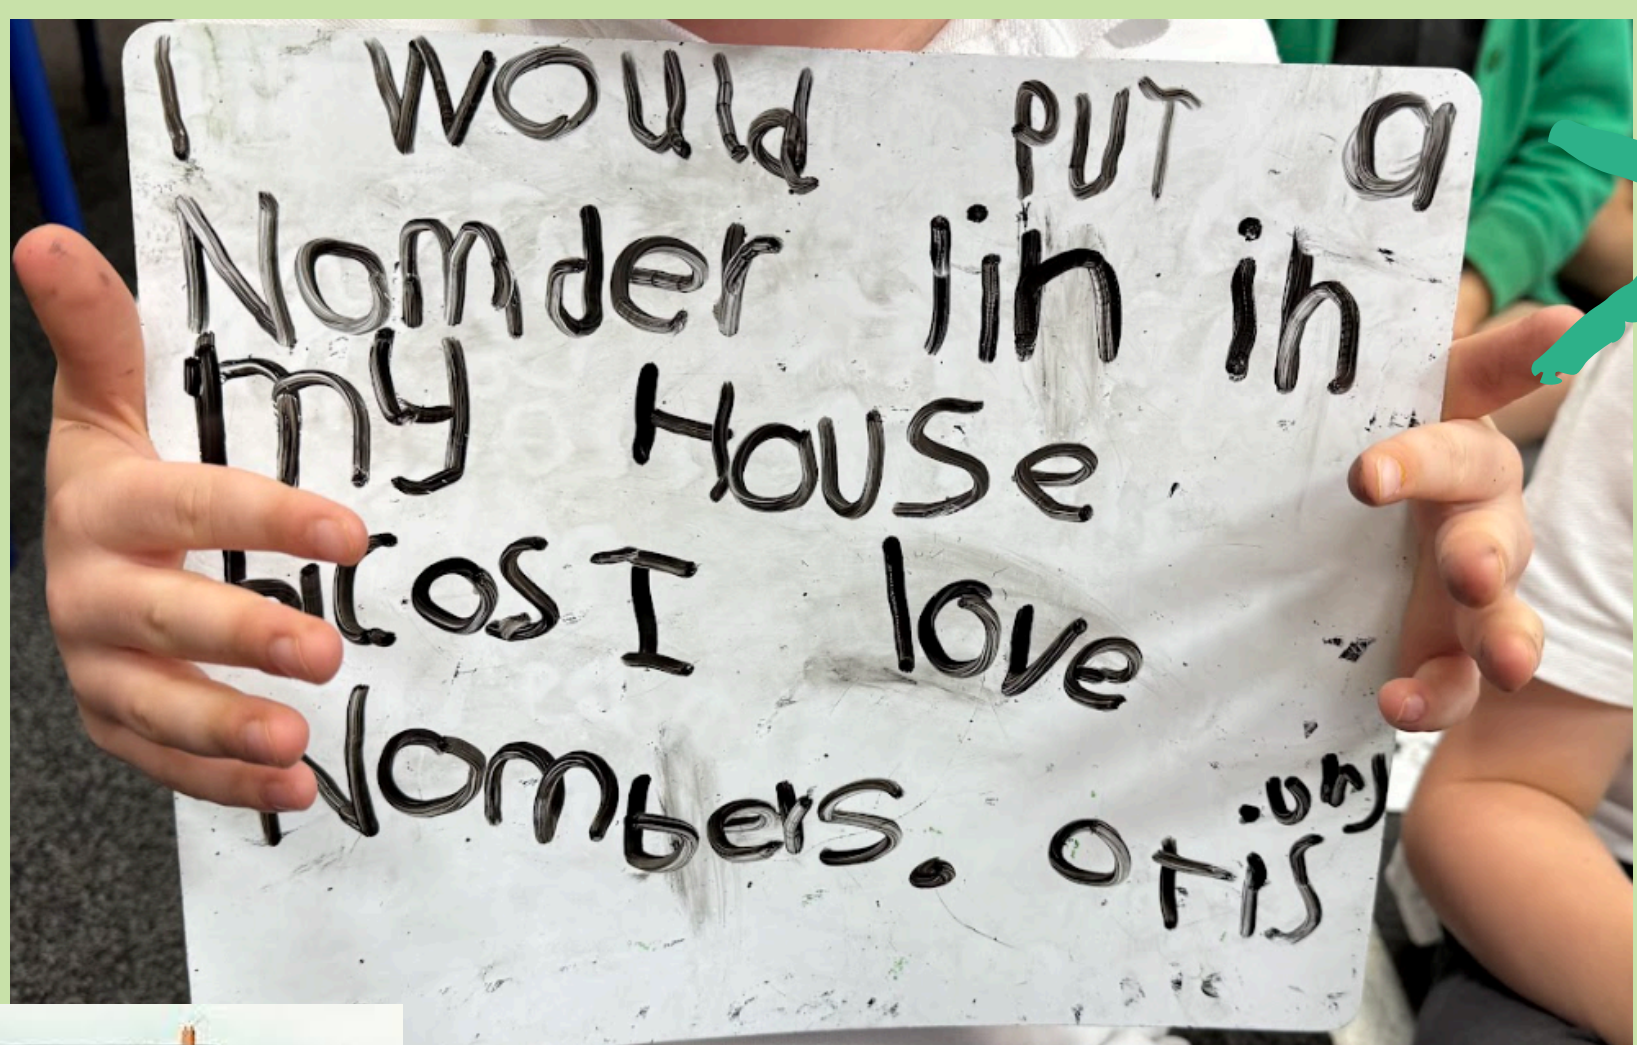

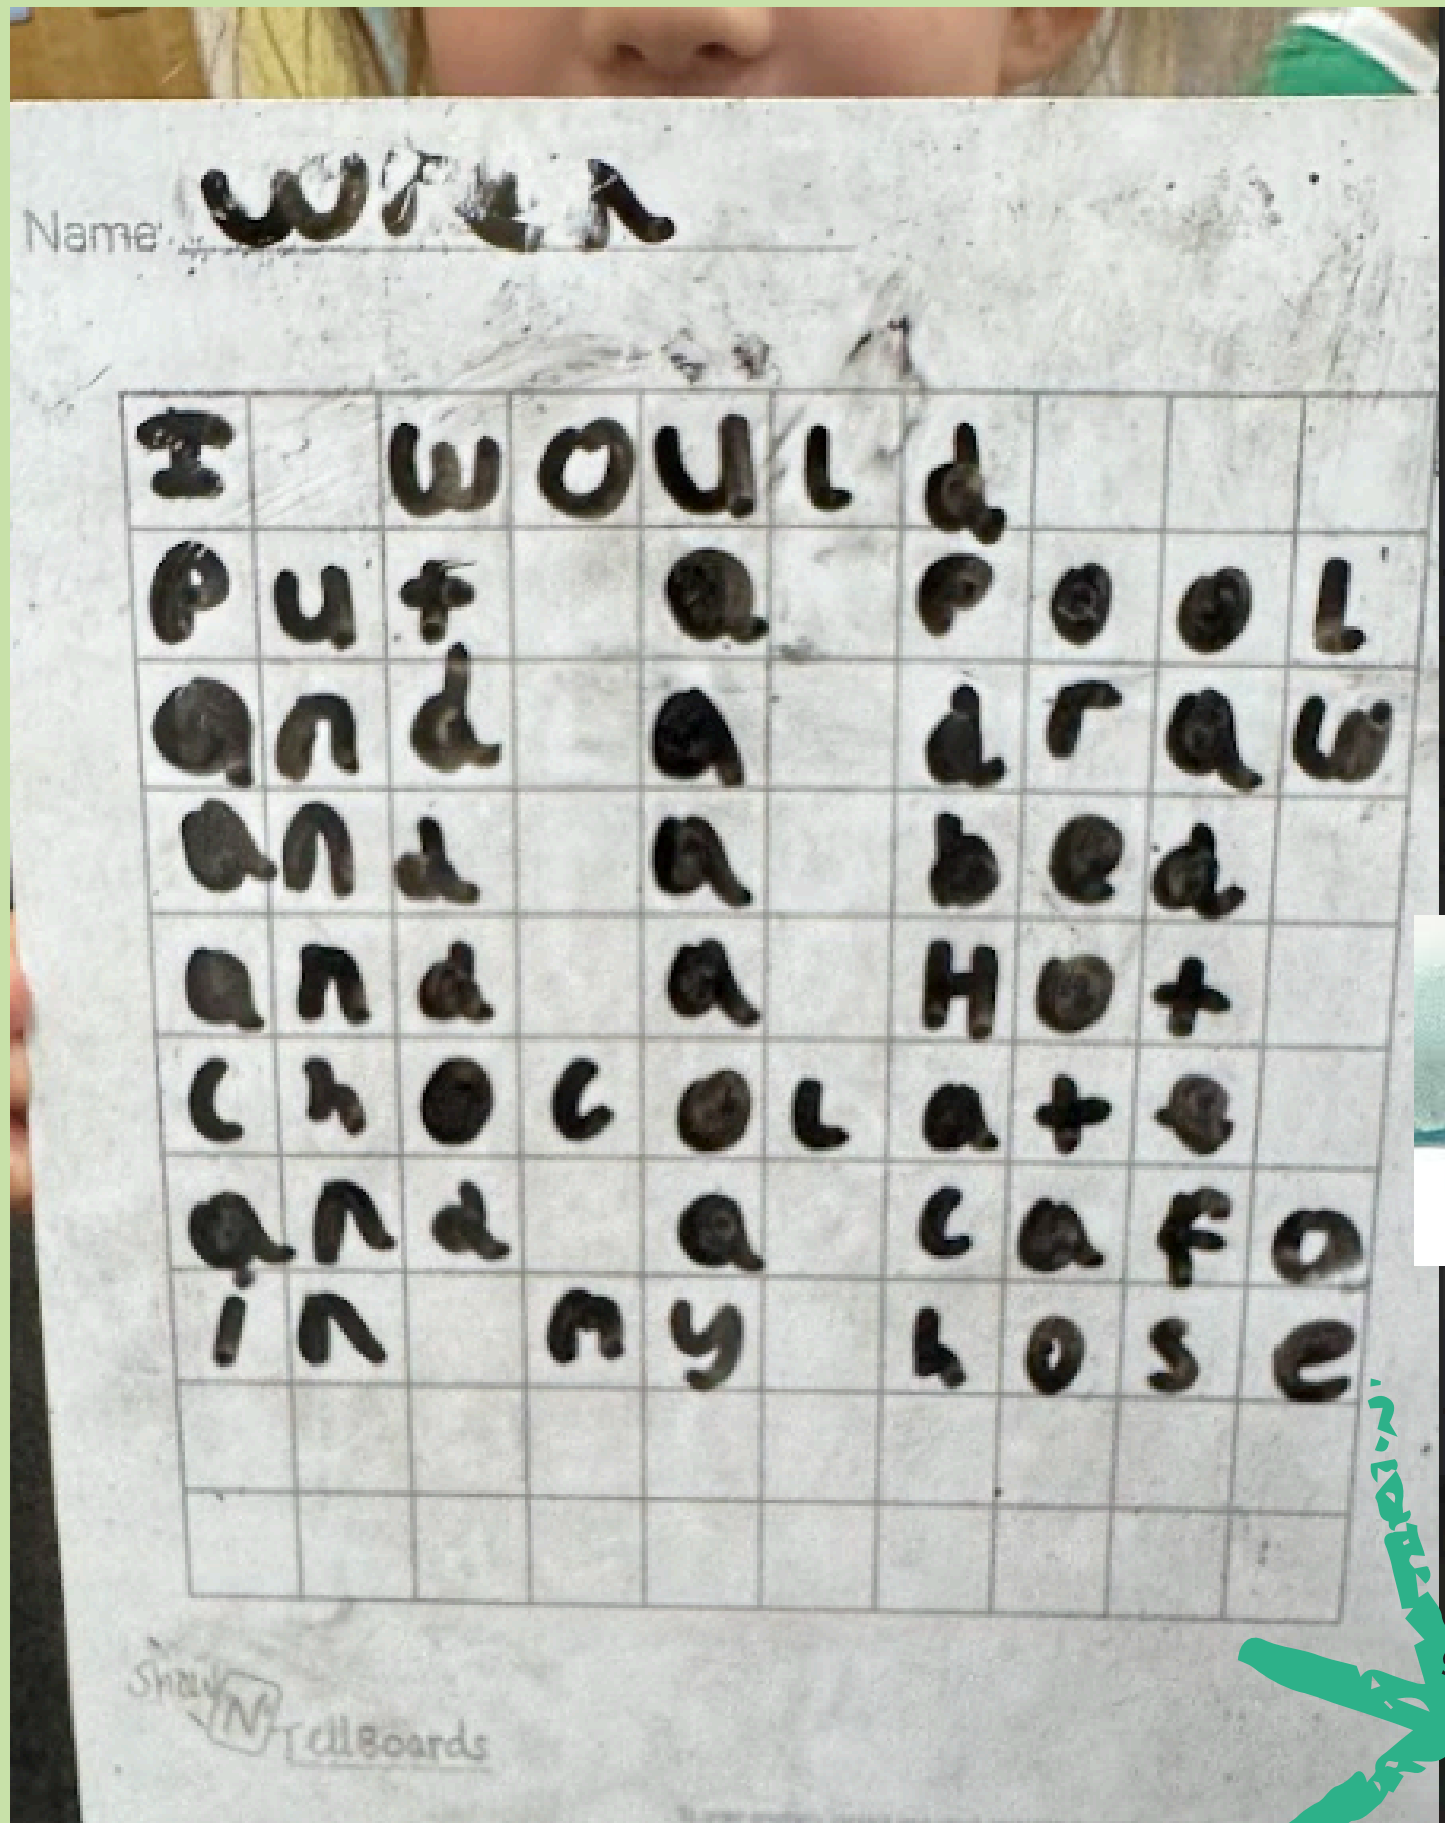

We have been reading the book 'What We'll Build' by Oliver Jeffers. The children have taken part in practical tasks and writing influenced by the text.

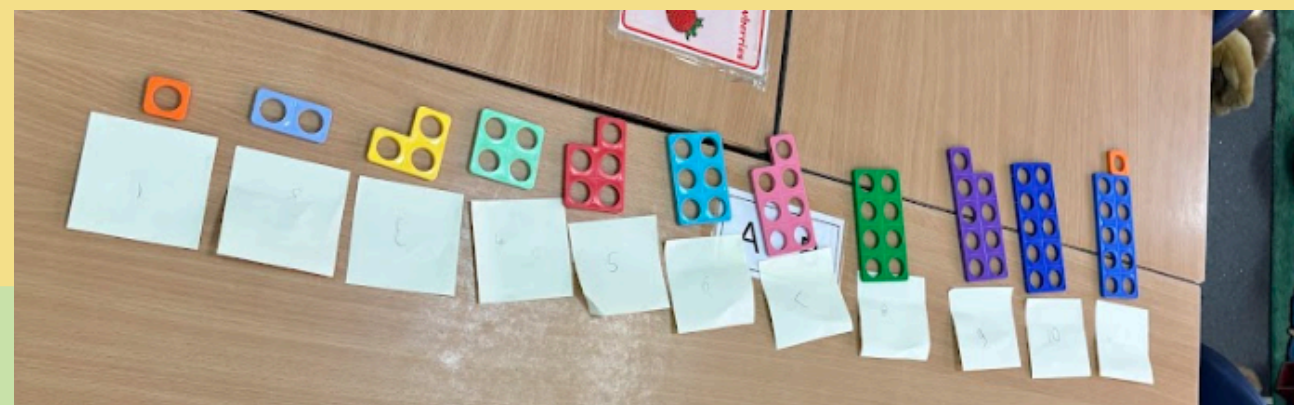

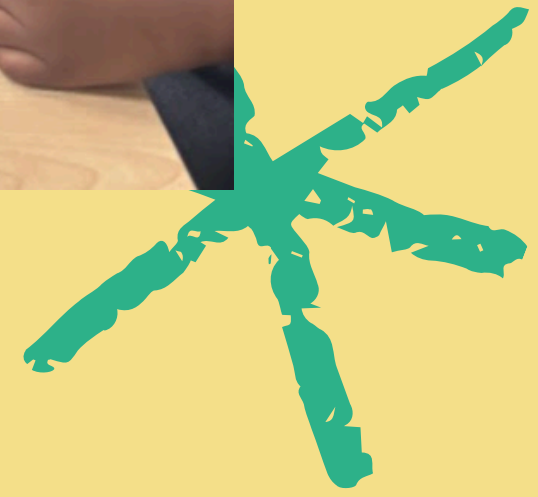

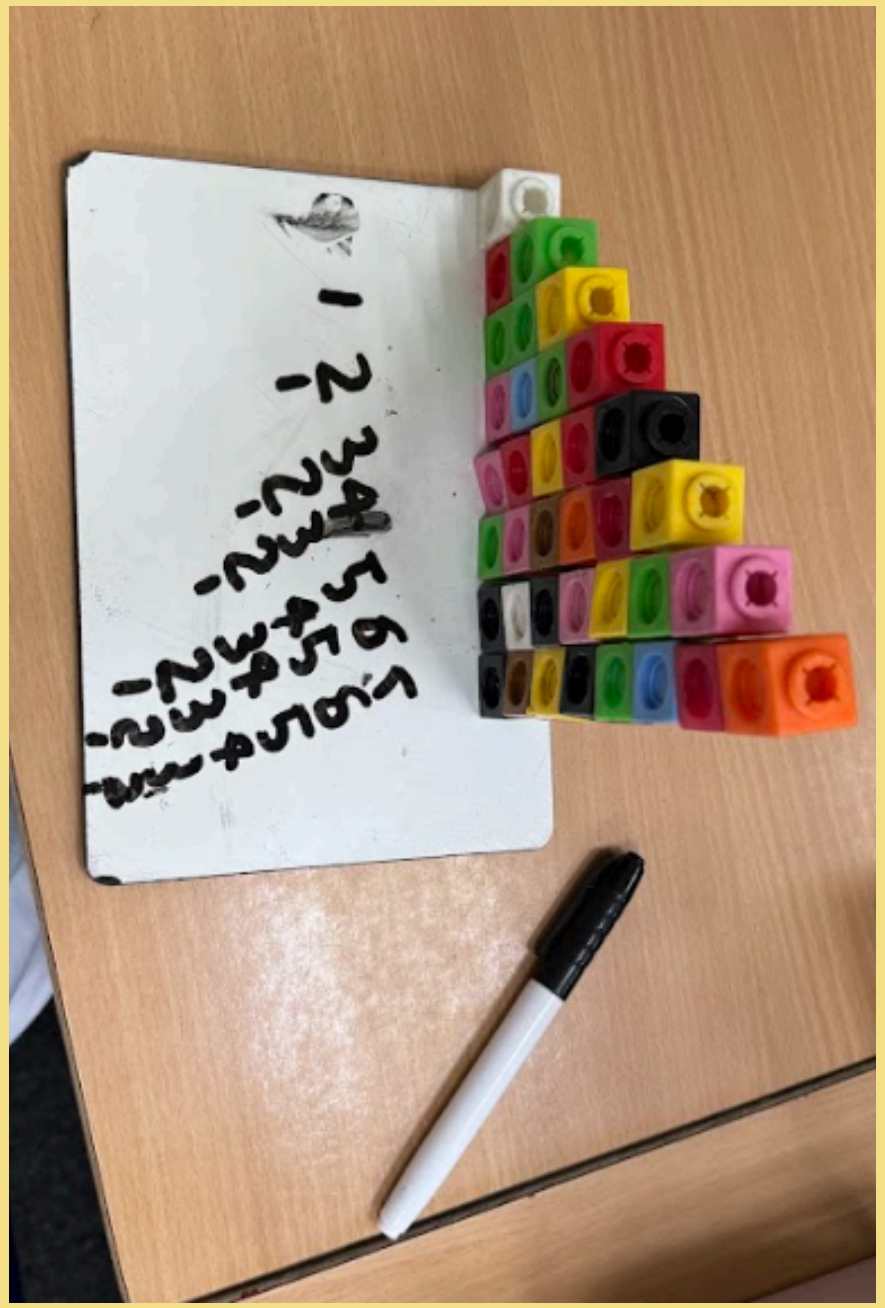

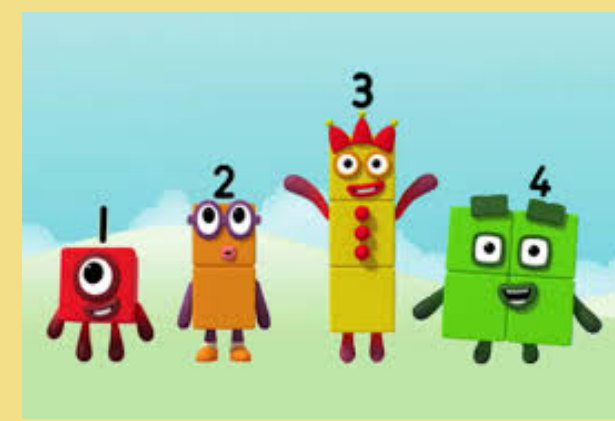

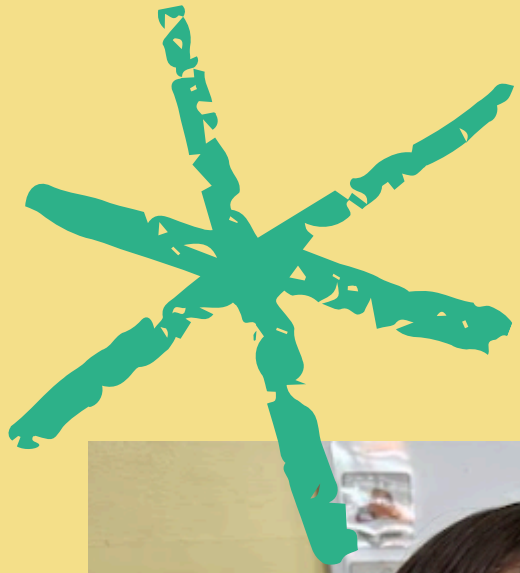

In Maths, we have been using mastering number to to understand that numbers are used in different ways. They can be used:

- to describe the quantity in a set (the cardinal aspect)
- as a label, such as on a bus (the nominal aspect)
- to put things in order (the ordinal aspect).

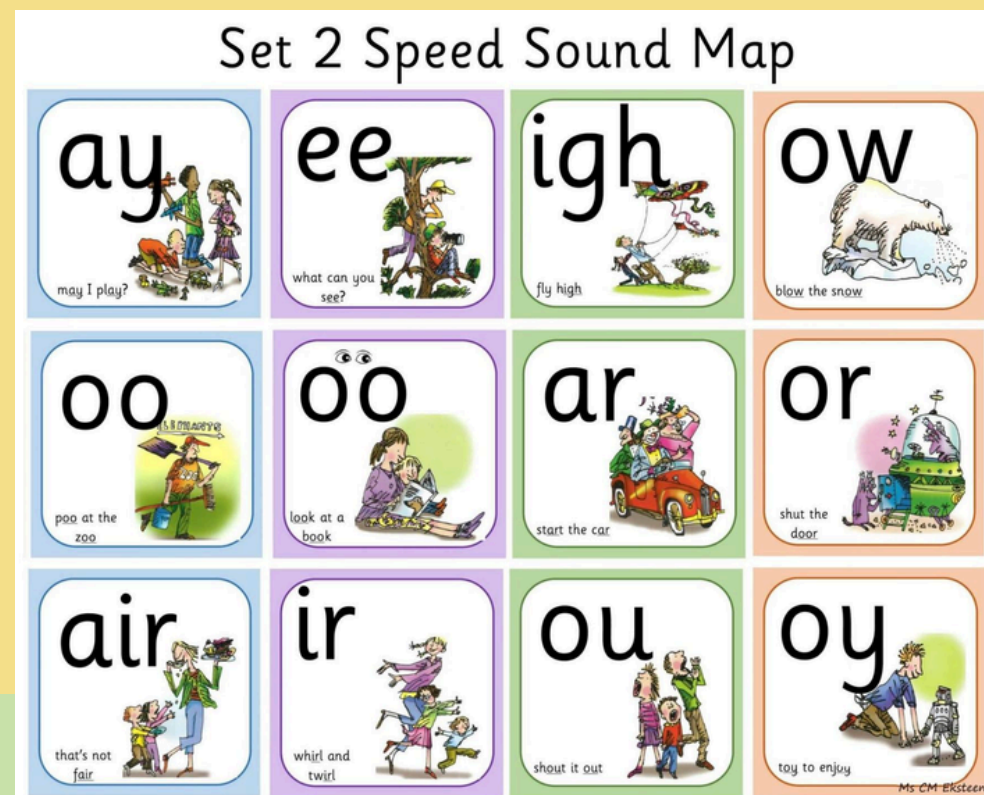

In PHSE, we are looking at what makes us special. We have been exploring qualities that make us unique.

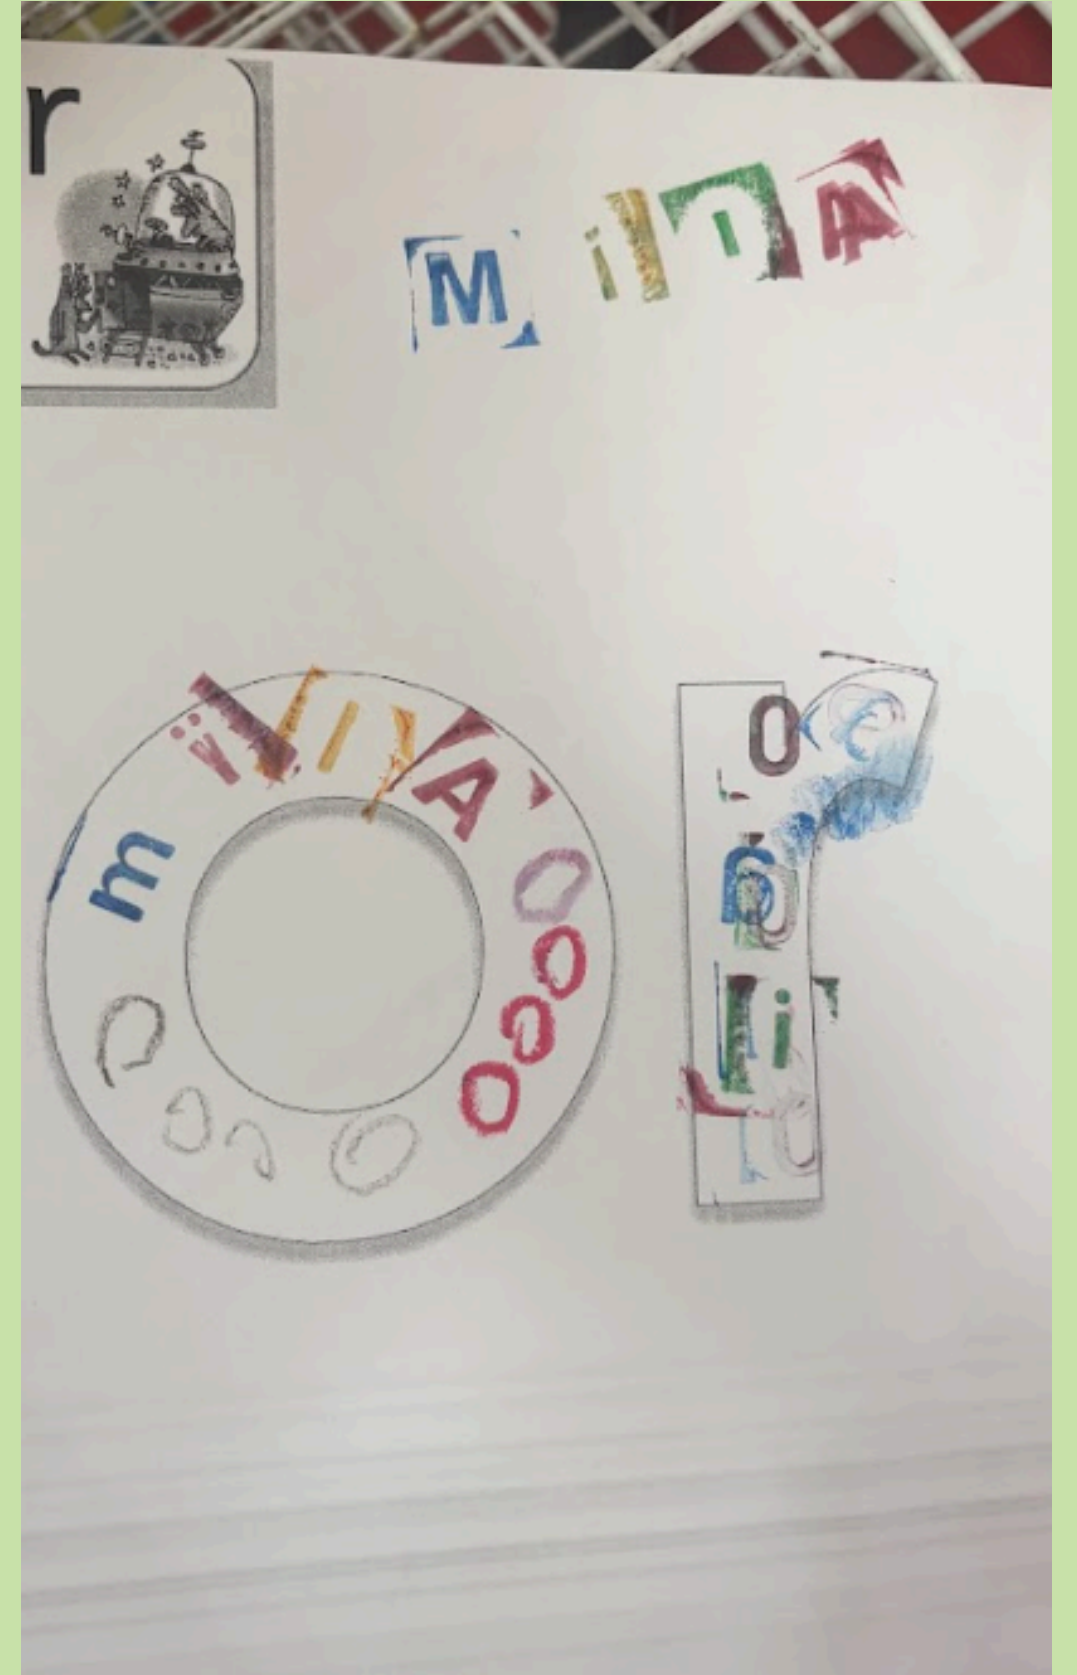

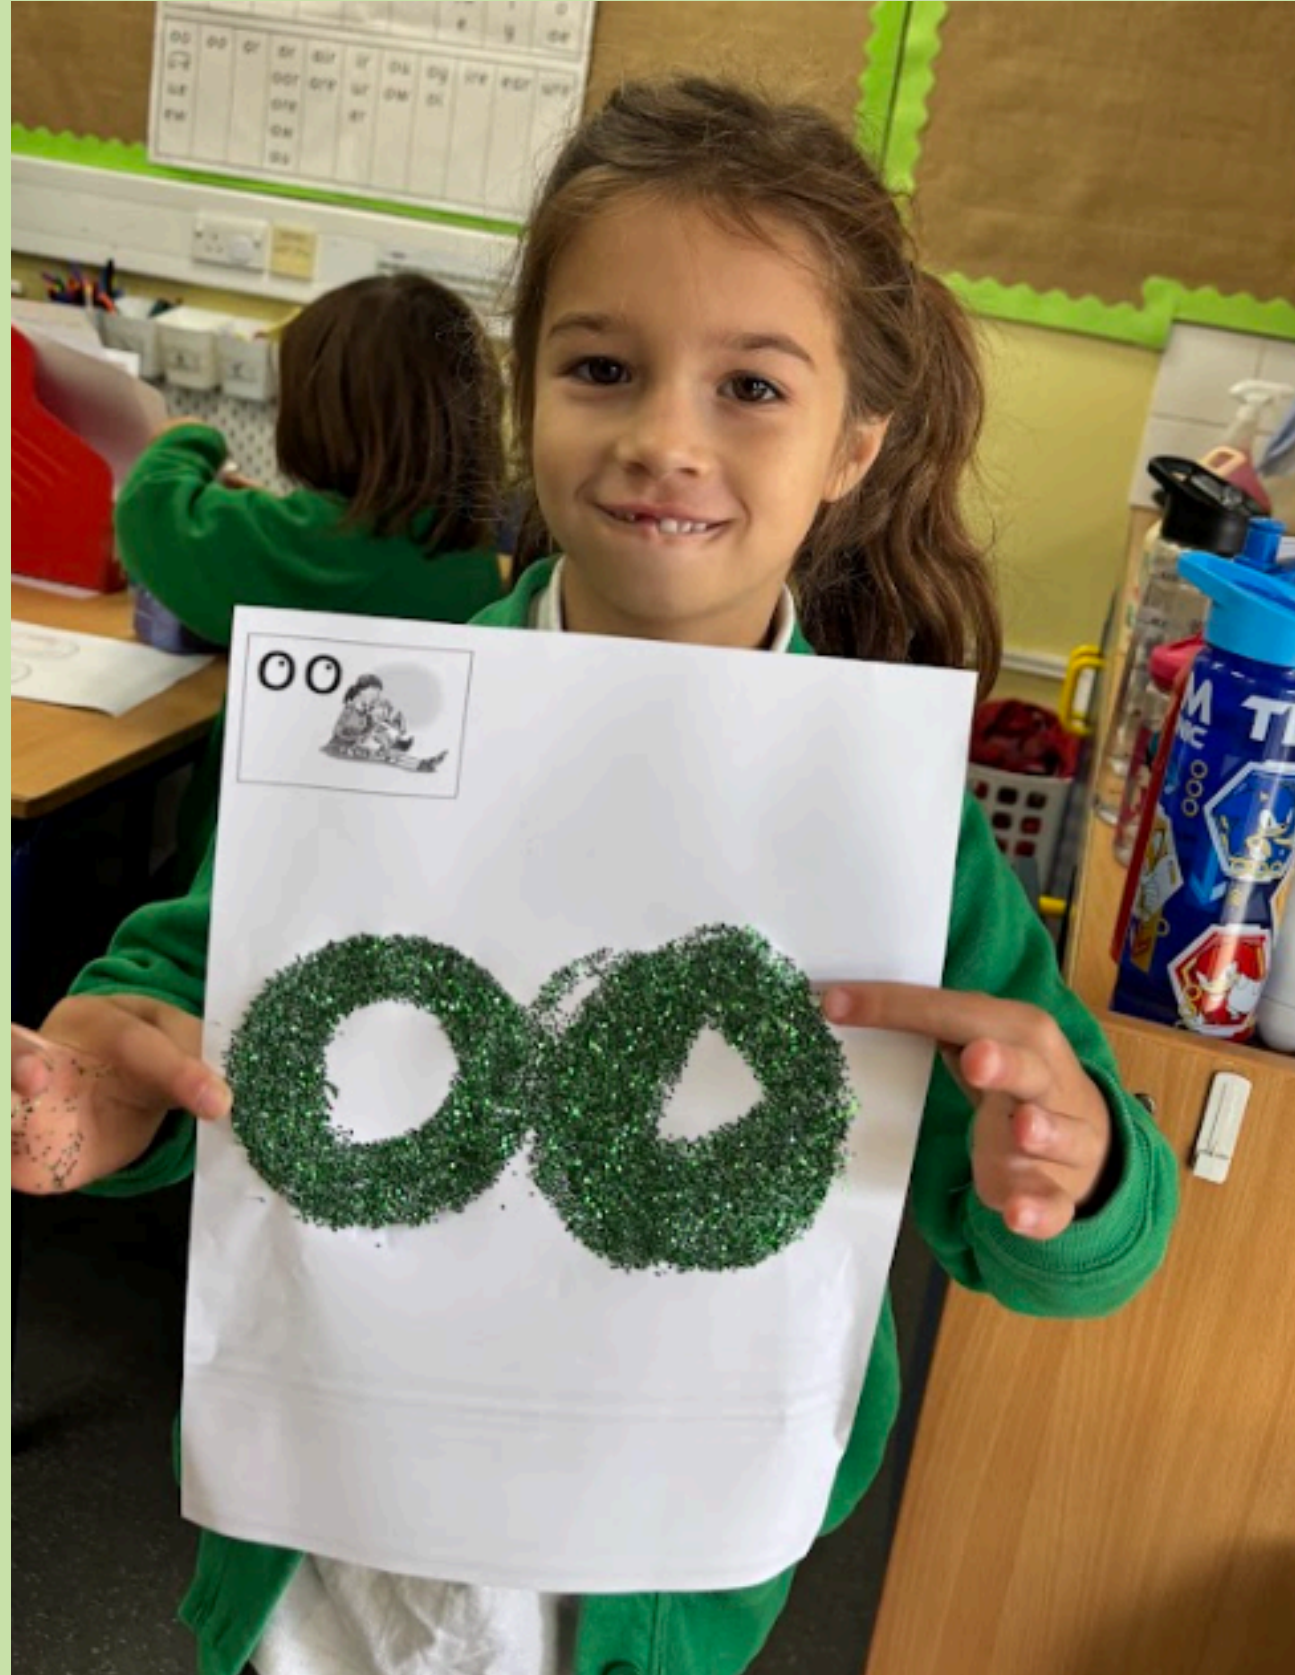

# PHONICS

We have started our Read, Write Inc phonics programme. The children are working their way through Set 2 speed sounds. Please take some time to ask the children what sounds they have been learning each week. The repetition and extra practice at home makes all the difference.

# Reminder

## PE DAYS

1MS and 1AS

Thursday and Friday mornings. Please send your child into school dressed in their PE kit. Don't forget to label belongings.
