

SCIENCE WEEK - FAMILY FUN

11 – 18 MARCH 2022 Changes and Growth ALL AROUND US - AT HOME OR AWAY FROM HOME.

Which changes/growth did you see today/this week? Write them down under your names. Here are some examples: water in a kettle turned into steam, butter on hot toast melted, coffee changes colour when you mix milk into it. Can you think of any more? Write them down if you've seen any more changes/growth. If you would like to be creative you can also make up a key/picture for each of the changes. Complete your sheets by Monday 21 March 2022 and return to your class teacher to stand a chance to win a prize for your family. Each family only has to submit one entry.

Any questions: Ask Miss Jordaan Y1 - Science Subject Leader
