

In another race, teams of children must race with 8 tennis balls, 5 footballs and 4 rugby balls each.

How many of each type of ball will be needed for 6 teams?

tennis balls footballs rugby balls

In the long-distance running race, 4 teams of 6 children take part.

The track is 245 metres long and the children must run around the track 5 times.

How many children take part in the race?

How long is the long-distance race?

Points are awarded for each race. In an individual race, first place is awarded 6 points; second place is awarded 4 points; and third place is awarded 3 points. Team races are awarded double points. The tables show the results for the Blue Team.

Fill in the tables to show the total number of points awarded.

Parent tip
Remember to use a written method to calculate harder multiplications. Your child does not have to work out everything mentally.

Individual races			
1 st place (6 points)	12 places	=	
2 nd place (4 points)	8 places	=	
3 rd place (3 points)	6 places	=	
Total for individual races			

Team races			
1 st place (12 points)	6 places	=	
2 nd place (8 points)	3 places	=	
3 rd place (6 points)	2 places	=	
Total for team races			

What was the total number of points awarded to the Blue Team?
