

Genius Hour

Unlock your inner genius!

A recap

Read over your **Action Plan** from the last session.

If there is anything you want to amend or add to it, do it now.

Task two: the pitch

Today's task is to create **four slides** to '**pitch**' your idea to me and the rest of the class. Each slide should tell us:

1. What you are going to **make** and what you are going to **learn**.
2. Why you are going to learn it; why you **want** to learn it; why you want to make what you're going to make.
3. How you are going to go about doing it: this should be a brief timetable of how you are going to get there.
4. What will **success** look like to you (how will you know you have achieved your end goal)?

Your presentation will be 30 seconds to a minute long. **No videos.**
